

Why attend Cellebrite ENGAGE 2020?

Cellebrite Engage is the premier training event for law enforcement professionals that want to receive the most relevant training in digital forensics, obtain valuable certifications, and establish a network of professional relationships with other practitioners in the field.

Today the judicial system and citizens demand more precision, technological understanding, and forensic competence from law enforcement. Demonstrating competence in gathering and analyzing digital data from mobile devices, computers, and video is becoming more and more specialized and requires advanced training and solutions to become and remain competent.

Training from real-world practitioners that understand your mission and the challenges you face helps you recover and present your finding to the trier of fact. It helps you stay in front of real-world crimes and emerging cybercrimes and allows you to be a more effective protector for those you serve. Cellebrite trainers with decades of law enforcement and investigative experience designed Cellebrite Engage with these concepts in mind.

Highlights on why I should attend:

- Learn from the best: Cellebrite's award-winning training team; Cellebrite Training is the gold standard in forensic training, focusing on relevant skills to solve real-world crimes and to help to get your evidence admitted. Take advantage of the best 2020 training pricing across the globe.
- Certifications from Cellebrite are among the most sought after and most respected in the industry. Cellebrite Certifications are cited as a foundational aspect for qualifying as an expert witness in courts around the globe. Certifications are constructed to rigorous ISO standards and include inexpensive re-certification paths to ensure your knowledge base stays current and relevant in the rapidly changing forensic environment
- Gain valuable insights from Cellebrite's Product Management, R&D, and Solution Engineers-teams. Meet directly with developers of Cellebrite's solutions to discuss your specific challenges and issues.
- Attend world-class networking events and evening entertainment packed with fun. This is one of the largest law-enforcement training focused events anywhere. Participants will leave with a new network of contacts who can provide valuable insight and assistance in the real-world environment.

Cellebrite Engage represents tremendous value for forensic students and their agencies, all in a beautiful Myrtle Beach, South Carolina location.

I invite you to get engaged, get certified, and join us for a world-class training event.

Best regards,

Buddy Tidwell

Sr. V.P. Global Training, Cellebrite
